

## ILLINOIS WILLOWS

### 2021 Seasonal Bouquet CSA

---

We would like to extend to you an invitation to be part of a local farm fresh cut flower Community Supported Agriculture program for the 2021 season.

CSA: Community Supported Agriculture, the idea that a family or an individual become a 'member' of our farm for that growing season. A share of the farm is purchased at the start of the season to help Mr. Willows buy supplies like seeds, plugs (starter plants), bulbs, pre-season labor, plant materials, etc.

Our selection will vary from week to week as the season progresses, each bouquet will have a variety of flowers. The bouquets will already be arranged in a vase so you will have no need to arrange them yourself. Let us do the work for you. Just bring back the previous empty vase when you pick up your new bouquet. If forgotten, a small fee will be required. An email newsletter will give the varieties of the flowers and any special additional information related to the care and handling for that week's bouquet. Every other week a bouquet will be delivered to a location near you.

***You will receive a large, farm fresh bouquet every other week from June 5-October 23, 2021 which is 11 weeks of beautiful flowers arranged in a vase for you.***

This year you will receive a \$30 bouquet delivered to every CSA drop off date for \$300 for the 11 dates during the season (regularly \$330!). A thank you gift (Holiday Wreath) will be available in December at the indoor farmers market for your support during the season.
